SHAREHOLDERS OF ROBERT BOSCH GMBH

140 YEARS OF BOSCH

The company was set up in Stuttgart in 1886 by Robert Bosch (1861–1942) as "Workshop for Precision Mechanics and Electrical Engineering." The ownership structure of Robert Bosch GmbH protects the entrepreneurial freedom of the Bosch Group, making it possible for the company to plan over the long term and to undertake significant upfront investments to safeguard its future. Ninety-four percent of the share capital of Robert Bosch GmbH is held by Robert Bosch Stiftung GmbH, a company with limited liability and a charitable purpose. The remaining shares are held by Robert Bosch GmbH and a company owned by the Bosch family. The majority of voting rights are held by Robert Bosch Industrietreuhand KG.

¹ Scopes 1 and 2 are used in accordance with the **Greenhouse Gas Protocol Corporate Accounting and Reporting Standard**. We achieved carbon neutrality by applying four levers: increasing energy efficiency, generating our own energy from renewable sources (new clean power), purchasing electricity from renewable sources (green electricity), and – as a last resort – offsetting the remaining CO₂ emissions. For further details about the Bosch Group's climate action, go to [bosch.com/sustainability](https://www.bosch.com/sustainability).
