Application Engineer

Location: Warsaw

Do you want beneficial technologies being shaped by your ideas? Whether in the areas of mobility solutions, consumer goods, industrial technology or energy and building technology –with us, you will have the chance to improve quality of life all across the globe. Welcome to Bosch.

Whether in areas of mobility, industrial technology, consumer goods, or energy and building technology, we constantly provide highly efficient solutions to markets worldwide. In doing so, we don't just measure our successes in terms of economic growth, but above all in terms of improving people's quality of life, because we feel committed to values that are based on responsibility. This is only possible with the help of a global network of more than 375,000 highly committed employees, with pioneers who break new strategic ground every day. So why not join us in starting something remarkable? Make it happen.

Your contribution to something big:

- Platform building, deployment and maintenance of quality and production environments
- Development of tools to simplify and automate operation activities
- Development and maintenance of system environment specification
- Engineering support including troubleshooting and debugging
- Close collaboration with application architect and technical leaders in an international team

What distinguishes you:

- Detailed knowledge of the Microsoft Server operation system and tools
- Knowledge of relational databases and SQL (previous experience with Microsoft SQL Server is a plus)
- Knowledge of the Windows shell and text processing tools such as Perl and regular expressions
- Familiar with XML/JSON, web services, monitoring and alerting concepts
- Knowledge of monitoring tools is a plus
- Responsibility, initiative, goal orientation, analytical skills, open minded
- Ability to collaborate within an international and diverse team
- Good English language skills

Benefits:

- Professional development (trainings, development plans, defined career paths, international assignments opportunities)
- Working in a dynamic environment for an innovative company, with strong position on the worldwide market
- Benefit package (private medical care, sport pass, co-financing lunches, language and other trainings)
