Start something big today. Apply now

Internship - SAP Junior Security Analyst

Location: Warsaw

Do you want beneficial technologies being shaped by your ideas? Whether in the areas of mobility solutions, consumer goods, industrial technology or energy and building technology –with us, you will have the chance to improve quality of life all across the globe. Welcome to Bosch.

Whether in areas of mobility, industrial technology, consumer goods, or energy and building technology, we constantly provide highly efficient solutions to markets worldwide. In doing so, we don't just measure our successes in terms of economic growth, but above all in terms of improving people's quality of life, because we feel committed to values that are based on responsibility. This is only possible with the help of a global network of more than 405,000 highly committed employees, with pioneers who break new strategic ground every day. So why not join us in starting something remarkable? Make it happen.

Your contribution to something big:

- Administration support of the SAP Security team in their daily activities
- Preparing the project documentation and updating the projects tools (Portal rooms, Wiki pages)
- Analyzing of the security events in the worldwide Bosch-SAP Architecture
- Defining configuration policies for connecting the Bosch SAP Systems
- Defining and initiating appropriate measures
- Regularly reviewing/optimizing the SAP Monitoring system
- Creating security reports and metrics for management and auditor reviews

What distinguishes you:

- Very good analytical skills
- Basic knowledge of security technologies topics (network, database, operating system)
- Experience analyzing logs, alerts, identifying false and true positives would be an advantage
- Good communication skills and positive attitude
- Willingness to learn new technologies and work how to operate in the international team
- Experience within SAP will be a benefit
- Fast learning skills
- Very good English

Benefits:

- Professional development (trainings, possibility to work in international environment)
- Working in dynamic environment for innovative company with strong position on the worldwide market
- Flexible working hours, we adjust to your student's plan
