Let's be remarkable.

Start something big today. Apply now

SAP PP Consultant

Location: Warsaw

Do you want beneficial technologies being shaped by your ideas? Whether in the areas of mobility solutions, consumer goods, industrial technology or energy and building technology—with us, you will have the chance to improve quality of life all across the globe. Welcome to Bosch.

Whether in areas of mobility, industrial technology, consumer goods, or energy and building technology, we constantly provide highly efficient solutions to markets worldwide. In doing so, we don't just measure our successes in terms of economic growth, but above all in terms of improving people's quality of life, because we feel committed to values that are based on responsibility. This is only possible with the help of a global network of more than 405,000 highly committed employees, with pioneers who break new strategic ground every day. So why not join us in starting something remarkable? Make it happen.

Your contribution to something big:

- International strategic customer consulting in the process area
- Fruitful co-operation with Process Managers in the respective Bosch divisions worldwide taking into account different interests and economic aspects
- Leading/collaboration in SAP development and roll-out projects

What distinguishes you:

- 6 to 8 years of working experience and knowledge in PP Planning and PP Execution process
- Working experience on REM Manufacturing (MTO, MTS) and Discrete Manufacturing (MTO, MTS, ETO, ATO)
- Working experience in PP Master Data, Customizing, DP, S&OP, LTP, MRP, Batch Management, Revision Level, ECM changes, Variant configuration, KANBAN
- Experience in requirement gathering, scoping, functional, integration and regression testing
- Past experience in implementation, rollout and support projects
- Integration topics with MM (MM SA, Purchase requisition, subcontracting, period opening), LE (TR, TO, Storage areas, Picking, material staging), FICO (period opening, PCC run), QM (inspection Type - 03, 04)
- Good to have worked with MES, Web services, RFID
- Basic De-bugging and understanding of technical concepts, LSMW, BDC
- Document functional designs, test cases and results
- Fluent German speaking skills

Benefits:

- Professional development (trainings, development plans, defined career paths, international assignments opportunities)
- Working in dynamic environment for innovative company with strong position on the worldwide market
- Benefit package (private medical care, sport pass, co-financing lunches, language and other trainings)
