Let's be remarkable.

Start something big today. Apply now

SAP User Interface Consultant with Fiori/UI5

Location: Warsaw

Do you want beneficial technologies being shaped by your ideas? Whether in the areas of mobility solutions, consumer goods, industrial technology or energy and building technology –with us, you will have the chance to improve quality of life all across the globe. Welcome to Bosch.

Whether in areas of mobility, industrial technology, consumer goods, or energy and building technology, we constantly provide highly efficient solutions to markets worldwide. In doing so, we don't just measure our successes in terms of economic growth, but above all in terms of improving people's quality of life, because we feel committed to values that are based on responsibility. This is only possible with the help of a global network of more than 405,000 highly committed employees, with pioneers who break new strategic ground every day. So why not join us in starting something remarkable? Make it happen.

Your contribution to something big:

- Advise Bosch software development units on implementing Fiori/UI5 based user interfaces
- Integrate applications into the Fiori Launchpad, take care on the Launchpad categories and catalogs
- Technical support in the area of Fiori/UI5 design and development tools
- Be part of the Bosch Fiori/UI5 Core Team
- Define guidelines for the Fiori/UI5 software development
- Conduct UI design and code reviews
- Evaluate new SAP UI technologies in context of the Bosch architecture
- Shape the frontend technology transformation to SAP S/4HANA

What distinguishes you:

- At least 2 years of experience with SAP including but not limited to SAP Fiori/UI5 development and configuration
- Good knowledge of the SAP Fiori/UI5 architecture and concepts
- Experience with the Fiori design and development tools SAP BUILD and SAP WebIDE
- Experience with JavaScript, oData interfaces and ABAP
- Passion for User Experience / Design Thinking will be a plus
- Team player in a functional and regional distributed organization
- Good communication and presentation skills
- Very good English

Benefits:

- Professional development (trainings, development plans, defined career paths, international assignments opportunities)
- Working in dynamic environment for innovative company with strong position on the worldwide market
- Benefit package (private medical care, sport pass, co-financing lunches, language and other trainings)
