Start something big today. Apply now

Senior Consultant SAP ERP-LE/WM

Location: Warsaw

Do you want beneficial technologies being shaped by your ideas? Whether in the areas of mobility solutions, consumer goods, industrial technology or energy and building technology—with us, you will have the chance to improve quality of life all across the globe. Welcome to Bosch.

Whether in areas of mobility, industrial technology, consumer goods, or energy and building technology, we constantly provide highly efficient solutions to markets worldwide. In doing so, we don't just measure our successes in terms of economic growth, but above all in terms of improving people's quality of life, because we feel committed to values that are based on responsibility. This is only possible with the help of a global network of more than 405,000 highly committed employees, with pioneers who break new strategic ground every day. So why not join us in starting something remarkable? Make it happen.

Your contribution to something big:

- International strategic customer consulting in the process area Logistic Execution focus on Warehouse Management (SAP ERP-module: LE/WM)
- Defining configuration specifications and business analysis requirements
- Support existing SAP system and implement new required functionality
- Fruitful co-operation with Process Managers in the respective Bosch divisions worldwide taking into account different interests and economic aspects
- Leading/collaboration in SAP development and roll-out projects

What distinguishes you:

- Successfully completed university studies in economics, information systems or equivalent qualifications
- At least 5 years of professional experience in application support/functional consulting in international environment
- Deep knowledge of SAP ERP with focus on warehouse management and inventory management processes
- Passion for finding solutions for complex technical challenges
- Additional experiences in integration with other modules, e.g. PP, MM, SD
- Willingness to travel
- Enthusiasm for varied and challenging tasks in a global environment
- Good communication skills
- Very good knowledge of English (written and spoken)

Benefits:

- Professional development (trainings, development plans, defined career paths, international assignments opportunities)
- Working in dynamic environment for innovative company with strong position on the worldwide market
- Benefit package (private medical care, sport pass, co-financing lunches, language and other trainings)
